ENGLISH AS A SECOND LANGUAGE

111 GRAMMAR AND WRITING I
3 Units
NON-DEGREE APPLICABLE
English as a Second Language 111 is designed for students at the beginning level of English. This course provides instruction in grammar, sentence structure, and simple reading and writing. Students create short paragraphs with correct punctuation and spelling. They practice idiomatic expressions used in writing and discuss cultural differences to help them adapt more quickly to college life in the United States. Lecture 5 hours, laboratory 1 hour. Prerequisite: Placement is based on a composite of test scores and academic background. Recommended preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and an ESL grammar and writing course.

115 LISTENING AND SPEAKING I
3 Units
NON-DEGREE APPLICABLE
English as a Second Language 115 is designed for students who cannot communicate effectively even in the most basic situations on the community college campus. Dialogues are presented, and students participate in role plays of campus-related situations in class and on the campus at large. Clear speaking, listening, and pronunciation are stressed in classroom drills and activities. Laboratory assignments may be made by the instructor based on individual student needs. Lecture 5 hours, laboratory 1 hour. Prerequisite: Placement is based on a composite of test scores and academic background. Recommended preparation: Concurrent enrollment in an appropriate ESL listening and speaking course.

116 READING AND VOCABULARY FOR ESL I STUDENTS
3 Units
NON-DEGREE APPLICABLE
English as a Second Language 116 is designed to help beginning ESL students read simple passages. The course places heavy emphasis on basic vocabulary development and dictionary skills. Students study the relationships between sounds and spelling, and practice using various reading strategies to increase their reading comprehension. Lecture 3 hours, laboratory 1 hour. Prerequisite: Placement is based on a composite of test scores and academic background. Recommended preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and an ESL grammar and writing course.

117 LISTENING COMPREHENSION & VOCABULARY DEVELOPMENT
3 Units
NON-DEGREE APPLICABLE
English as a Second Language 117 is a telecourse designed to help beginning ESL students improve their listening comprehension skills and vocabulary development. Students view videos specifically designed for this level and do listening comprehension and vocabulary development exercises in a workbook written to match the videotapes. Students participate in additional drills and activities assigned by the instructor. Lecture 5 hours. Prerequisite: Placement is based on a composite of test scores and academic background. Recommended preparation: Concurrent enrollment in an appropriate ESL grammar and writing course. Note: This course may not be taken for credit by students who have completed ESL 125. The course grade will be “credit” or “no credit.” There will be no letter grades for ESL 115.

118 BASIC SPELLING FOR NON-NATIVE SPEAKERS
2 Units
NON-DEGREE APPLICABLE
ESL 118 is a course designed to improve the spelling proficiency of those students whose native language is not English. There is a special emphasis on the relationship of pronunciation to spelling. Lecture 2 hours, laboratory 1 hour. Prerequisite: Eligibility for ESL 123.

121 GRAMMAR AND WRITING II-FIRST HALF
2 Units
English as a Second Language 121 is designed for students at the low intermediate level of English. This course focuses on grammar, reading, and composition. Students write one-paragraph compositions. Recommended preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and an ESL grammar and writing course. Transfer credit: UC, USC

122 GRAMMAR AND WRITING II—SECOND HALF
2 Units
English as a Second Language 122 is designed for students at the low intermediate level of English. This course focuses on grammar, reading, and composition. Students write one- to two-paragraph compositions. Special emphasis is placed on the acquisition of vocabulary, idioms, and structures appropriate for writing. The course stresses the correct use of a variety of grammatical structures and verb tenses within compositions. Lecture 5 hours, laboratory 1 hour. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 111. Recommended preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. Transfer credit: UC, USC

VOCABULARY DEVELOPMENT

It is recommended that students enroll in grammar and writing, listening and speaking, and reading classes in the same semester. Placement in the Credit ESL course sequence is based on a composite of test scores and academic background.
123

GRAMMAR AND WRITING II
4 Units

English as a Second Language 123 is designed for students at the low intermediate level of English. This course focuses on grammar, reading, and composition. Students write one- to two paragraph compositions. Special emphasis is placed on the acquisition of vocabulary, idioms, and structures appropriate for writing. The course stresses the correct use of a variety of grammatical structures and verb tenses within compositions. Lecture 5 hours, laboratory 1 hour. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 111. **Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. **Transfer credit:** UC, USC

125

LISTENING AND SPEAKING II
2 Units

NON-DEGREE APPLICABLE

English as a Second Language 125 presents listening comprehension strategies as well as practice in the pronunciation of individual sounds, word and sentence stress, and intonation patterns. Oral communication skills are strengthened through such activities as dialogues and role playing, as well as pair, group, and class discussion. Both formal and informal vocabulary and idioms are taught and tested. Lecture 4 hours, laboratory 1 hour. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 115. **Recommended preparation:** Concurrent enrollment in an appropriate ESL grammar and writing course and a reading course.

126

READING AND VOCABULARY FOR ESL II STUDENTS
3 Units

English as a Second Language 126 is designed to help lower-intermediate ESL students read academic materials. The course emphasizes vocabulary development by inferring meaning from context and by understanding affixes. Reading skills are practiced on passages from various fields, and a complete work is read. Lecture 3 hours, laboratory 1 hour. **Prerequisite:** Placement is based on a composite of test scores and academic background. ESL 121 (or 123) must be taken prior to or concurrently with ESL 126. **Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and an ESL grammar and writing course.

127

LISTENING COMPREHENSION & VOCABULARY DEVELOPMENT II
3 Units

NON-DEGREE APPLICABLE

English as a Second Language 127 is a telecourse designed to help high-beginning to intermediate ESL students improve their listening comprehension skills and vocabulary development. Students view videos specifically designed for this level and do listening comprehension and vocabulary development exercises in a workbook written to match the videotapes. Students participate in additional drills and activities assigned by the instructor. Lecture 5 hours. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 117. **Recommended preparation:** Concurrent enrollment in an appropriate ESL grammar and writing course and a reading course. **Note:** This course may not be taken for credit by students who have completed ESL 135. The course grade will be “Credit” or “No Credit.” There will be no letter grades for ESL 127.

131

GRAMMAR AND WRITING III—FIRST HALF
2 Units

English as a Second Language 131 is designed for students at the high intermediate level of English. The course focuses on grammar, controlled composition, and reading. Students study complex grammatical structures and incorporate these structures into essays of three to four paragraphs in length. Lecture 5 hours, laboratory 1 hour. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 122 or 123. **Recommended preparation:** Concurrent enrollment in an appropriate ESL grammar and writing course and speaking course and a reading course. **Transfer credit:** CSU, UC, USC

132

GRAMMAR AND WRITING III—SECOND HALF
2 Units

English as a Second Language 132 is designed for students at the high intermediate level of English. The course focuses on grammar, controlled composition, and reading. Students study increasingly complex grammatical structures and incorporate these structures into essays of three to five paragraphs in length. Lecture 5 hours, laboratory 1 hour. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 131. **Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. **Transfer credit:** CSU, UC, USC

133

GRAMMAR AND WRITING III
4 Units

English as a Second Language 133 is designed for students at the high intermediate level of English. The course focuses on grammar, controlled composition, and reading. Students study increasingly complex grammatical structures and incorporate these structures into essays of three to five paragraphs in length. Lecture 5 hours, laboratory 1 hour. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 122 or 123. **Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. **Transfer credit:** CSU, UC, USC

135

LISTENING AND SPEAKING III
2 Units

English as a Second Language 135 stresses listening comprehension as well as oral communication by means of reports, short speeches, and small group and class discussion of high-interest topics. The standard pronunciation of individual sounds, as well as stress and intonation patterns are presented, drilled and tested. The students will study formal and informal idioms and vocabulary to improve their ability to communicate orally. Some work is done to correct the problems of individual students. In addition, laboratory assignments may be made based on individual student needs. Lecture 4 hours, laboratory 1 hour. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 125. **Recommended preparation:** Concurrent enrollment in an appropriate ESL grammar and writing course and a reading course. **Transfer credit:** CSU
136  
**READING AND VOCABULARY FOR ESL III STUDENTS**  
3 Units  
English as a Second Language 136 is designed to encourage intermediate ESL students to read extensively and promote English language proficiency and reading skills. Students read complete works of fiction and non-fiction, determine what questions those works raise, and discuss and write about their understanding of the texts. Lecture 3 hours, laboratory 1 hour.  
**Prerequisite:** Placement is based on a composite of test scores and academic background. ESL 131 (or 133) must be taken prior to or concurrently with ESL 136.  
**Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and in an appropriate ESL grammar and writing course. Transfer credit: CSU

141  
**GRAMMAR AND WRITING IV**  
4 Units  
English as a Second Language 141 is designed for students at the advanced level of grammar and writing. Critical analysis of academic reading materials encourages independent thinking and the expression of informed opinion. Compositions are written in response to readings and discussions and become the vehicle for showing the ability to use advanced grammatical structures of English. Lecture 5 hours, laboratory 1 hour.  
**Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 132 or 133.  
**Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and in an appropriate ESL grammar and writing course. Transfer credit: CSU, UC, USC

145  
**LISTENING AND SPEAKING IV**  
2 Units  
English as a Second Language 145 stresses fluency and clarity in delivery of speeches as well as in various communicative activities. These may involve the preparation and presentation of reports, summaries, and persuasive speeches. Students are exerected to use the vocabulary and grammatical structures appropriate to formal settings. Culturally appropriate subtleties such as body language are reviewed in order to maximize the efficacy of communication. Listening comprehension and lecture/note-taking skills are practiced and evaluated. Lecture 3 hours, laboratory 1 hour.  
**Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 135.  
**Recommended preparation:** It is strongly recommended that a student be concurrently enrolled in an ESL grammar and writing class at the 131 level or higher.  
**Note:** This course is taught at a level of vocabulary equivalent to ESL 141. Transfer credit: CSU

146  
**READING AND VOCABULARY FOR ESL IV STUDENTS**  
3 Units  
English as a Second Language 146 is designed to encourage advanced ESL students to read extensively and to promote English language proficiency and reading skills. Students read complete works on related topics, analyze what questions those works raise, and discuss and write about their understanding of the texts. Students are asked to read texts from content courses or from literature. Lecture 3 hours, laboratory 1 hour.  
**Prerequisite:** Placement is based on a composite of test scores and academic background. ESL 141 must be taken prior to or concurrently with ESL 146.  
**Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and in an appropriate ESL grammar and writing course. Transfer credit: CSU

151  
**READING AND COMPOSITION V**  
4 Units  
English as a Second Language 151 is designed for non-native students who are proficient in English and are able to compete with native students in most college courses except those that may require essay exams. The course gives students extensive practice in rhetorical modes of exposition and argument. It emphasizes analytical and expository writing at the essay level, as well as critical reading, and gives students practice in writing essay examinations. The course stresses both organization and in-depth essay development. Students work to eliminate weaknesses in syntax, idiomatic usage, and grammar. Library research techniques are introduced and a short research paper is completed. Lecture 4 hours, laboratory 1 hour.  
**Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 141.  
**Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course. Transfer credit: CSU, UC, USC

155  
**LISTENING AND SPEAKING V**  
2 Units  
English as a Second Language 155 concentrates on reducing foreign accents in the speech of otherwise articulate non-native students. Intensive practice in the production of individual sounds, rhythm, stress, intonation, phraseology helps students communicate more effectively and helps prepare them for upper division ESL phonetics courses. Students learn to use formal dictation by making oral presentations and participating in class debates. They practice expressive speaking, appropriate facial expressions, and hand and body gestures. Laboratory assignments may be made at the discretion of the instructor. Lecture 3 hours, laboratory 1 hour.  
**Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 145.  
**Recommended preparation:** It is strongly recommended that a student be concurrently enrolled in an ESL grammar and writing class at the 141 level or higher. Transfer credit: CSU
177  
**ENGLISH FOR SPECIAL PURPOSES**  
2 Units  
NON-DEGREE APPLICABLE

English as a Second Language 177 is designed to familiarize vocational education students with the terminology used in individual vocational training programs. Students learn effective notetaking techniques and study the idiomatic expressions and basic introductory material needed for them to understand and complete entry level course work. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Recommended preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course, ESL grammar and writing course, and a reading course.

**ETHNIC STUDIES**

101  
**LATIN AMERICAN CULTURAL EXPRESSION**  
3 Units  

Ethnic Studies 101 surveys the cultural background that has shaped the present Latin American societies. The course analyzes such areas as: society culture, the psychology of the Latin American, city and rural life styles, religion, women, education and the role of the university, the artists and their role in politics, cultural imperialism, music and artistic expression, Latin American cinema, art in revolutionary societies, new song movement. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

102  
**LATINOS IN THE UNITED STATES**  
3 Units  

Ethnic Studies 102 surveys the social, political, economic and cultural development and experience of the various Latin Americans in the United States. The survey includes the following groups: Mexicans, Puerto Ricans, Cubans and other Caribbeans, Central and South Americans. The course also analyzes the contributions made by the Latin Americans to the economic development of the North American society. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

110  
**CONTEMPORARY ETHNIC WOMEN**  
3 Units  

Ethnic Studies 110 is a survey of the contemporary status of ethnic women in North American society. This course makes relevant cross-cultural comparisons using contemporary issues and their relation to the ethnic women of today. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

111  
**EUROPEAN IMMIGRANTS IN AMERICA, 1776 TO PRESENT**  
3 Units  

Ethnic Studies 111 is a survey course which examines the history and experiences of European immigrants in America from the late eighteenth century to the present. The course examines the immigration process itself, consider specific groups (British, Irish, German, Italian, Polish, Jewish, Greek, etc.) assess the reaction to immigration by white Americans, and evaluate the contribution made by European immigrants to American society. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

112  
**INTRODUCTION TO ASIAN AMERICAN CULTURE**  
3 Units  

Ethnic Studies 112 is a survey course which will introduce students to the special elements unique to Asian culture. This course also focuses on the various dilemmas faced by Asian Americans as their respective cultural “roots” come into contact with the cultural values of the dominant society. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

124  
**JAPANESE EXPERIENCE IN AMERICA**  
3 Units  

Ethnic Studies 124 is an in-depth survey of the history of Japanese immigrants and their descendents in America from the 19th century to the present. The course is designed to meet the needs of students who wish to more fully understand the experience of the Japanese immigrants and their descendents in America. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

125  
**NATIVE AMERICAN STUDIES**  
3 Units  

Ethnic Studies 125 examines indigenous American societies, from before European contact through the present. This historical examination compares regional cultural groups, using an interdisciplinary approach to reach an understanding of pre-literate peoples. A primary goal is to develop skills for critical cross-cultural comparisons. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU

132  
**THE AFRICAN AMERICAN EXPERIENCE IN THE UNITED STATES**  
3 Units  

Ethnic Studies 132 surveys the African American experience in the United States. It traces the role and contributions of African American people in the development of the United States. The course includes such major topics as: the slave trade, the Revolutionary War and Civil War, the development of African American communities and culture, as well as contemporary African American issues. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

164  
**THE ARMENIAN DIASPORA**  
3 Units  

Ethnic Studies 164 examines the development of the Armenian Diaspora from the abandonment of the Armenian Question by the United States and the European Powers in 1923, to the unfolding of current events that are critically affecting the Armenian case today. The course focuses on: the growing Armenian-American community; Armenian emigration from the Middle East and Soviet Armenia; pressures of assimilation in the U.S.; activities of community organizations toward preserving Armenian culture; current Armenian affairs and U.S. foreign policy. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC
The Glendale Arroyo Seco Fire Academy is a State Board of Fire Services and California State Fire Marshal’s accredited Regional Fire Academy sponsored by Glendale Community College and the Pasadena Fire Department.

Instructors for the program are fire service professionals drawn from many fire departments in Southern California.

The academy requires approximately 770 hours of classroom and drill ground instruction totaling twenty-four (24) units. The two courses, Fire Technology 116 & 117, are currently offered in sequential semesters as an extended program solely on weekends.

Students receive a variety of California State Fire Marshal’s certificates upon graduation from the academy in addition to their basic academy completion certificate.

116 FIRE ACADEMY I
12 Units
Fire Technology 116 is designed to train students in the theory and practice of firefighting technology. Topics include organization of the fire service, characteristics and the behavior of fire, fire hazard properties of materials, extinguishing agents, and fire protection systems. This course together with Fire Technology 117, Fire Academy II, meets the State Board of Fire Services requirements for designation as a Firefighter I. Lecture 10 hours, laboratory 12 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151.

117 FIRE ACADEMY II
12 Units
Fire Technology 117 is designed to train students in the theory and practice of firefighting technology. Topics include building construction and assemblies, basic firefighting tactics, rescue, fire prevention, and physical fitness. This course together with Fire Technology 116, Fire Academy I, meets the State Board of Fire Services requirements for designation as a Firefighter I. Lecture 10 hours, laboratory 12 hours. **Prerequisite:** Fire Technology 116.

130 FIRE ACADEMY SKILL MAINTENANCE
½ - 2 Unit
Fire Technology 130 is a refresher for Firefighter I participants. Equipment, drills, and practice are provided for Firefighter I skills maintenance. Topics include a review of fire fighting manipulative skills, building construction and assemblies, basic firefighting tactics, rescue, and fire prevention and physical fitness. Laboratory 1½ - 6 hours. **Prerequisite:** Fire Technology 117 or equivalent. **Note:** This course may be taken four (4) times; a maximum of two (2) units may be earned. Participants are required to have appropriate personal protective equipment (PPE) to include: helmet, eye protection, safety boots, firefighter structural gloves and an approved uniform. This course is offered credit/no credit only.

131 FIREFIGHTER SKILLS ENHANCEMENT
½ - 2 Units
Fire Technology 131 presents advanced skill enhancement for students who have recently completed a fire academy and are currently employed in fire service. Topics include advanced fire fighting skills, advanced equipment utilization, fire fighting tactics and strategies, and advanced rescue techniques and physical fitness. Laboratory 1½-6 hours. **Prerequisite:** Fire Technology 117 or employment in a related field. **Note:** This course may be taken four (4) times; a maximum of two (2) units may be earned. Participants are required to have appropriate personal protective equipment (PPE) to include: helmet, eye protection, safety boots, firefighter structural gloves and an approved uniform. This course is offered credit/no credit only.

101 INTRODUCTION TO FIRE PROTECTION AND SUPPRESSION
½-3 Units
Fire Technology 101 presents the philosophy and history of fire protection; history of loss of life and property by fire; review of municipal fire defenses; study of the organization and function of Federal, State, and County, and private fire protection agencies; and survey of professional fire protection career opportunities. Fire Technology 101 meets or exceeds the California State Fire Marshal’s Office core requirement for Fire 1. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU

102 FIRE BEHAVIOR AND COMBUSTION
3 Units
Fire Technology 102 offers instruction in fire behavior and control, matter and energy, units of measurement, flammable liquids, toxic gases, chemicals, radioactive hazards, and fire fighting techniques. Fire Technology 102 meets or exceeds the California State Fire Marshal’s Office core requirement for Fire 5. Lecture 3 hours. **Prerequisite:** Fire Technology 101 or equivalent. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may be taken 2 times. A maximum of 6 units may be earned. **Transfer credit:** CSU

103 FIRE PREVENTION TECHNOLOGY
½-3 Units
Fire Technology 103 continues to present organization and function of the fire prevention organizations; inspection; surveying and mapping procedures; recognition of fire hazards; engineering a solution to the hazard; enforcement of the solution; public relations as affected by fire prevention. Fire Technology 103 meets or exceeds the California State Fire Marshal’s Office core requirement for Fire 2. Lecture 3 hours. **Prerequisite:** Fire Technology 101 or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU
104 Fire Fighting Tactics and Strategy
½-3 Units
Fire Technology 104 presents the review of fire chemistry, equipment, and personnel; basic fire fighting tactics and strategy; methods of attack; pre-planning fire problems. Review of related codes and ordinances. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

105 Fire Protection Equipment and Systems
½-3 Units
Fire Technology 105 presents the methods, techniques and practical application of portable fire extinguishing equipment; sprinkler systems; protection systems for special hazards; and fire alarm and detection systems. Fire Technology 105 meets or exceeds the California State Fire Marshal’s Office core requirement for Fire 3. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

107 Fire Hydraulics
½-3 Units
Fire Technology 107 is designed for review of basic mathematics; hydraulic laws and formulas as applied to the fire service; application of formulas and mental calculation to hydraulic problems; water supply problems; underwriters’ requirements for pumps. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

108 Fire Apparatus and Equipment
½-3 Units
Fire Technology 108 covers the general technical knowledge of driving laws, driving techniques, construction, and operation of pumping engines, ladder trucks, aerial platforms, specialized equipment, and apparatus maintenance. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

109 Rescue Practices
½-3 Units
Fire Technology 109 offers instruction in rescue practices, the human body, emergency care of victims, childbirth, artificial respiration, toxic gases, chemicals and diseases, radioactive hazards, rescue problems and techniques. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

110 Fire Company Organization and Procedure
½-3 Units
Fire Technology 110 consists of the review of fire department organization; fire company organization; the company officer; personnel administration; communications; fire equipment; maintenance; training; fire prevention; fire fighting, company fire fighting capability; records and reports; supervision and leadership techniques. Lecture 3 hours. Prerequisite: Fire Technology 101 and 103 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

111 Fire Investigation Technology
½-3 Units
Fire Technology 111 offers an introduction to arson and incendiarism, arson laws, and types of incendiary fires. Methods of determining fire cause, recognizing and preserving evidence, interviewing and detaining witnesses. Procedures in handling juveniles; court procedure and giving court testimony. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

112 Wildland Fire Control
½-3 Units
Fire Technology 112 is designed to provide the employed firefighter or fire science major with a fundamental knowledge of the factors affecting wildland fire prevention, fire behavior, and control techniques. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

114 Hazardous Materials
½-3 Units
Fire Technology 114 is an introduction to basic fire chemistry and physics. This course covers problems of flammability as encountered by fire-fighters when dealing with toxic substances, fuels, explosives, oxidizers and radioactive materials. It also covers fire fighting practices pertaining to hazardous materials in storage and transit. Lecture ½-3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

115 Building Construction
3 Units
Fire Technology 115 investigates the components of building construction that relate to fire safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at fires. The development and evolution of building and fire codes are studied in relation to past fires in residential, commercial, and industrial occupancies. Fire Technology 115 meets or exceeds the California State Fire Marshal’s Office core requirement for Fire 4. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Transfer credit: CSU

150 Fire Instructor 1A
2 Units
Fire technology 150 offers students the basic methods and techniques employed by fire service personnel to select, develop and organize material for in-service training programs, evaluation, and application of principles of skills development through practice teaching demonstrations. This is the initial offering of a two-course series. This course applies to California Fire Service Training and Education System. Prerequisite: Fire Technology 101 or equivalent. Transfer credit: CSU

151 Fire Instructor 1B
2 Units
Fire Technology 151 is the second of a two-course series providing fire service personnel with a variety of methods and techniques for selection, development, application and analysis of evaluative measures applicable to fire service instruction. Student teaching demonstrations are required of each participant. Prerequisite: Fire Technology 150 or equivalent.
152
FIRE MANAGEMENT I
2 Units
Fire Technology 152 offers instruction to develop supervisory management skills. The course introduces key management concepts and practices utilized and include decision-making, time management, and leadership styles, personnel evaluations and counseling guidelines. This course applies to California Fire Service Training and Education System certifications. Lecture 2½ hours. Prerequisite: Fire Technology 110 or employment in a fire related occupation. Recommended preparation: Eligibility for English 120 or ESL 151.

154
FIRE COMMAND 1A
2 Units
Fire Technology 154 provides instruction pertaining to the initial assessment and action processes at a working fire. The course includes discussion concerning the roles and responsibilities of the fire officer, fire behavior, available fire ground resources, operations and management. This course applies to the California Fire Service Training and Education System certifications. Lecture 2½ hours. Prerequisite: Fire Technology 110 or employment in a fire related occupation. Recommended preparation: Eligibility for English 120 or ESL 151.

155
FIRE COMMAND 1B
2 Units
Fire Technology 155 contains instruction in tactics, strategies, and scene management principles for hazardous materials incidents, emergency medical services (EMS) multi-casualty incidents, and wildland fire fighting incidents. This course also includes simulation time pertaining to the initial decision processes at a working incident. The course includes areas of discussion on the fire officer; components of triage, fire behavior, fire ground resources, operations, and management. This course applies to California Fire Service Training and Education System certifications. Lecture 2½ hours. Prerequisite: Fire Technology 154, or Incident Command Systems (ICS) 200, or employment in a fire related occupation. Recommended preparation: Eligibility for English 120 or ESL 151.

156
FIRE PREVENTION 1A
2 Units
Fire Technology 156 is the first in a three-course series and provides fundamental instruction regarding the history and philosophy of fire prevention, organization, and operation of a fire prevention bureau, use of fire codes, identification and correction of fire hazards, and the relationship of fire prevention to fire safety education and detection and suppression systems. This course applies to the California Fire Service Training and Education System certifications. Lecture 2½ hours. Prerequisite: Fire Technology 110 or employment in a fire related occupation. Recommended preparation: Eligibility for English 120 or ESL 151.

157
FIRE PREVENTION 1B
2 Units
Fire Technology 157 is the second in a three-course series presenting the methods and techniques for fire prevention, use of codes, identification and correction of fire hazards in buildings and facilities containing hazardous materials. This course applies to the California fire Service Training and Education System certifications. Lecture 2½ hours. Prerequisite: Fire Technology 156 or employment in a fire related occupation. Recommended preparation: Eligibility for English 120 or ESL 151. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

FOOD AND NUTRITION STUDIES
See Culinary Arts

FRENCH

101
BEGINNING FRENCH I
5 Units
French 101 presents the fundamentals of French grammar. The students are trained to pronounce correctly, to acquire a small working vocabulary which they use in conversation and writing, and to learn to read simple French. Lecture 5 hours, laboratory ½ hour. Recommended preparation: Eligibility for English 120 or ESL 151. Note: Not open to students with oral proficiency or who have attended schools where French was the language of instruction. Transfer credit: CSU, UC, USC (CAN FREN 10) (FREN 101 & 102 CAN FREN SEQ A)
**106 ADVANCED CONVERSATIONAL FRENCH**

3 Units

French 106 is designed for those students who wish to sharpen their ability to articulate in French issues that go beyond concrete descriptions into the area of ideas. Lecture 3 hours. **Prerequisite:** French 105 or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**110 BASIC CONVERSATIONAL FRENCH I**

3 Units

French 110 is an introduction to French with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course also develops a working knowledge of reading and writing French. Lecture 3 hours. **Prerequisite:** None. **Note:** Not open to students who have oral proficiency or who have attended schools where French was the language of instruction. This course may be taken 2 times; a maximum of 6 units may be earned.

**111 BASIC CONVERSATIONAL FRENCH II**

3 Units

French 111 is an introduction to French with emphasis on developing essential skills in communication. The verbal active method is used and oral expression is stressed. The course also develops a working knowledge of reading and writing French. Lecture 3 hours. **Prerequisite:** French 110 or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned.

**121 INTRODUCTION TO FRENCH LITERATURE IN ENGLISH TRANSLATION**

3 Units

French 121 is an introduction to French literature for students with no knowledge of the French language. French 121 provides a study of representative French works in major genres in English translation. This course, conducted in English, acquaints students with French literature and gives them a solid basis on which to continue further reading. Lecture 3 hours. **Prerequisite:** Eligibility for English 101. **Note:** This course may not be taken for credit by students who have completed French 124. **Transfer credit:** CSU, UC, USC

**124 INTRODUCTION TO FRENCH LITERATURE: GENRES**

3 Units

French 124 is an introduction to French literature through a study of representative works of major genres. This course, conducted exclusively in French, naturally maintains and enriches the students’ language skills, but its primary purpose is to acquaint them with French literature and give them a solid basis on which to continue further reading. Lecture 3 hours. **Prerequisite:** French 104 or equivalent. **Transfer credit:** CSU, UC, USC

**125 INTRODUCTION TO FRENCH LITERATURE: MIDDLE AGES THROUGH THE 18TH CENTURY**

3 Units

French 125 is an introduction to early French literature through a survey of its historical development and representative works. This course, conducted exclusively in French, naturally maintains and enriches the students’ language skills, but its primary purpose is to acquaint them with French literature and give them a solid basis on which to continue further reading. Lecture 3 hours. **Prerequisite:** French 104 or 124 or equivalent. **Transfer credit:** CSU, UC, USC

**126 INTRODUCTION TO FRENCH LITERATURE: 19TH CENTURY TO PRESENT**

3 Units

French 126 is an introduction to modern French literature through a survey of its historical development and representative works, covering the 19th Century to the present. This course, conducted exclusively in French, naturally maintains and enriches the students’ language skills, but its primary purpose is to acquaint them with French literature and give them a solid basis on which to continue further reading. Lecture 3 hours. **Prerequisite:** French 104 or 124 or equivalent. **Transfer credit:** CSU, UC, USC

**GEOGRAPHY**

**101 PHYSICAL GEOGRAPHY**

3 Units

Geography 101 is a study of the basic physical elements of geography, their correlation and integrated patterns of world distribution. Special attention is given to the earth and its astronomical relationships, weather, climate, and landforms. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC (CAN GEOG 2)

**102 CULTURAL GEOGRAPHY**

3 Units

Geography 102 is a systematic study of the cultural variables of humankind: population, religion, language, economic activities, settlements. Emphasis upon selected cultural problems of humankind’s occupation. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC (CAN GEOG 4)

**105 ECONOMIC GEOGRAPHY**

3 Units

Geography 105 is a study of the physical and cultural elements of environment and their relation to the economic activities of humankind. Special attention is given to the climatic regions, the soils, the products and the resultant economy. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

**106 HUMAN IMPACT ON THE ENVIRONMENT**

3 Units

Geography 106 is a description and analysis of humanity’s impact on the natural environment over time. Natural earth systems and natural climatic change are studied in the context of geologic time, followed by systematic analyses of human impact on the atmosphere, hydrosphere, lithosphere, and biosphere. Emphasis is placed on the human activities that cause environmental change, as well as potential solutions and pathways to sustainability. Lecture 3 hours. **Prerequisite:** none. **Transfer credit:** UC, CSU
110 GEOGRAPHY OF CALIFORNIA
3 Units
Geography 110 is a systematic study of the spatial distributions of California’s biophysical and cultural phenomena. Special emphasis is placed on the impact of human occupancy. Lecture 3 hours. **Recommended preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

111 PHYSICAL GEOGRAPHY LABORATORY
1 Unit
Geography 111 is the laboratory course for Physical Geography. Laboratory exercises include the observation and interpretation of weather data, statistical analysis of climate data, development of cartographic techniques, map interpretation, aerial photography interpretation, and landform description and analysis. Local field trips are required. Laboratory 3 hours. **Prerequisite:** Geography 101. (Geography 101 may be taken concurrently). **Transfer credit:** CSU, UC, USC

120 INTRODUCTION TO GEOGRAPHICAL INFORMATION SYSTEMS
3 Units
Geography 120 is an introduction to the basic principles of geographical information systems (GIS), including data gathering, analysis, and display through digital methods. Students will be introduced to examples of how GIS is currently being used to answer spatial questions on environmental and social issues. Laboratories will demonstrate these principles through operation of a GIS package on microcomputers. Lecture 2 hours, laboratory 3 hours. **Prerequisites:** Geography 101, 102, 105, 106, or equivalent. **Recommended preparation:** Familiarity with Microsoft Windows Operating Systems. **Transfer credit:** CSU

114 GEOGRAPHY OF BAJA CALIFORNIA
2 Units
Geography 114 is a field study of Mexico’s Baja California peninsula using the geographic methodology. Emphasis is placed on the physical and cultural landscape; students are exposed to basic geographic data collection techniques and concepts, allowing for students to observe and document elements of Baja California’s climate, hydrology, wildlife, geomorphology, agriculture, economy, religion, and history, and how these elements interact to create Baja’s unique landscape and culture. Lecture 2 hours. **Prerequisite:** Geography 101 or 102 or 105 or 110 or equivalent. **Note:** This class is taught in conjunction with a field trip to Baja California. **Transfer credit:** CSU

101/101H PHYSICAL GEOLOGY
HONORS PHYSICAL GEOLOGY
3 Units
Geology 101 is a study of the physical materials and processes of the earth. The honors course will be enhanced in one or more of the following ways:
1. Students will do weekly quantitative problems sets in the geosciences using skills expected of students who are eligible to take Math 110.
2. Students will prepare a research project and present it in class. Relevant topics include:
   - global geochemical cycles
   - planetary geology from remotely sensed data
   - problems in plate tectonic
   - climate change history
   - history of life
   - local geological history
   - interactions of man with earth
Lecture 3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Geology 110. Second semester standing or a good high school record is recommended. **Transfer credit:** CSU, UC, USC

102 NATURAL DISASTERS
3 Units
Geology 102 is a study of the earth or natural hazards like earthquakes, volcanism, climate change, pollution and human interactions with the earth environment. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

103 GEOLOGY OF CALIFORNIA
3 Units
Geology 103 is a study of the characteristics and historical development of the geologic provinces of California. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

104 FIELD GEOLOGY
2-6 Units
Geology 104 is a field study of geologic features within several geologic provinces. Emphasis is placed on the recognition, interpretation, recording, and reporting of geologic information observed in the field. Petrologic, paleontologic, structural, and stratigraphic information is compiled and integrated into an interpretation of the geologic history of the area investigated. An extended period in the field may be substituted for a number of shorter field trips. Field trips will normally be taken on weekends and/or during vacation periods. The itinerary, schedule, and field area will be determined at the first class meeting (see current class schedule). The student is responsible for the cost of food and transportation; the approximate cost is $35 for each two units of work; this figure may vary considerably depending on the location of the study area. Travel is usually by chartered bus. Field Geology requires a great deal of rigorous activity and living conditions in the field are often primitive. Lecture and field study will be the semester equivalent of one hour of lecture and three hours of laboratory per week for each two units of credit; a typical semester of work would include 16 hours of lecture and six days in the field. **Prerequisite:** Completion of one of the following courses: Geology 101, 102, 103, 105, Oceanography 115; Paleontology 101; or equivalent. **Note:** Two units of non-overlapping field study will often be offered for the fall and spring semesters; extended periods of study may be available during summer session. Weather conditions may require rescheduling of some trips. This course may be taken 3 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

105 HISTORICAL EARTH SCIENCE
4 Units
Geology 105 is a study of the geologic and paleontologic history of the North American continent. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** Completion of any one of the following courses: Geology 101, 102, 103; Oceanography 115; Paleontology 101; or equivalent. **Transfer credit:** CSU, UC, USC (CAN GEOL 4)
111/111H
PHYSICAL GEOLOGY LABORATORY
HONORS PHYSICAL GEOLOGY LABORATORY
1 Unit
Geology 111 is an introduction to common laboratory practices and exercises in physical geology, such as identifying common minerals and rocks and understanding simple topographic and geological sections and maps.

The honors course will be enhanced in one or more of the following ways:
1. Lab exercises will regularly involve exercises utilizing skills expected of students who are eligible for Math 110.
2. Students will perform lab exercises in which they will:
   a.) Learn how to read a geological map at an advanced level
   b.) Manipulate geophysical and/or geochemical datasets using a computer.
   c.) Identify a larger number of rocks and minerals than non-honors students

Laboratory 3 hours (including 5 hours of supervised field observations). Prerequisite: Geology 101. (Geology 101 may be taken concurrently.) Note: This course may not be taken for credit by students who have completed Geology 110. Transfer credit: CSU, UC, USC

120
EARTHQUAKES
3 Units
Geology 120 introduces the student to the current knowledge of earthquakes, with special reference to California, emphasizing their occurrence, causes and properties and the way the dangers from earthquakes can be reduced. The material presented is appropriate for students seeking to fulfill general science requirements as well as for those wishing to acquire a specialized knowledge of the subject. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

101
BEGINNING GERMAN I
5 Units
German 101 presents the fundamentals of German grammar. The students are trained to pronounce correctly, to acquire a small working vocabulary that they use in conversation and writing, and to learn to read simple German. Lecture 5 hours, laboratory ½ hour. Recommended preparation: Eligibility for English 120 or ESL 151. Note: Not open to students with oral proficiency or who have attended schools where German was the language of instruction. Transfer credit: CSU, UC, AND USC (CAN GERM 2) (GERM 101 & 102 CAN GERM SEQ A)

102
BEGINNING GERMAN II
5 Units
German 102 continues to present the fundamentals of German grammar. It trains further in correct pronunciation, and presents more difficult elementary prose. The discussions in German will stress correct use of verbs and idioms and efficient methods of vocabulary building. Lecture 5 hours, laboratory ½ hour. Prerequisite: German 101 or two years of German in high school completed within the past two years or equivalent. Transfer credit: CSU, UC, and USC (CAN GERM 4) (GERM 101 & 102 CAN GERM SEQ A)

103
INTERMEDIATE GERMAN I
4 Units
German 103 offers a review of German grammar stressing sentence structure, word analysis, vocabulary building and composition. The student is introduced to simple texts of German prose and poetry. Discussions in German of contemporary literature and topics of interest will enable the student to gain fluency in speaking the German language. Lecture 4 hours, laboratory ½ hour. Prerequisite: German 102 or three years of German in high school completed within the past two years. Transfer credit: CSU, UC, USC (CAN GERM 8) (GERM 103 & 104 CAN GERM SEQ B)

104
INTERMEDIATE GERMAN II
4 Units
German 104 reviews the fundamentals of German grammar. It continues to stress word analysis, vocabulary building and correct diction. Students read intermediate German of increasing difficulty and engage in conversation and composition with emphasis in critical thinking. They evaluate aspects of their own and German culture in the medium of the German language. Lecture 4 hours. Prerequisite: German 103 or four years of German in high school completed within the past two years. Transfer credit: CSU, UC, USC (CAN GERM 10) (GERM 103 & 104 CAN GERM SEQ B)

105
CONVERSATIONAL GERMAN
3 Units
German 105 offers intensive practice in oral expression and comprehension of spoken German. Lecture 3 hours. Prerequisite: One year of college German, or three years of high school German, or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

106
ADVANCED CONVERSATIONAL GERMAN
3 Units
German 106 is designed for those students who wish to learn more advanced conversational topics in order to further improve their language skills. Lecture 3 hours. Prerequisite: German 105 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

110
BASIC CONVERSATIONAL GERMAN I
3 Units
German 110 is an introduction to the German language with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course develops a working knowledge of reading and writing as well, and includes the use of tapes, cassettes, and films. Lecture 3 hours. Prerequisite: None. Note: Not open to students who have oral proficiency or who have attended schools where German was the language of instruction. This course may be taken 2 times; a maximum of 6 units may be earned.
111 BASIC CONVERSATIONAL GERMAN II 3 Units

German 111 is a further study of the language with continued emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course further develops a working knowledge of reading and writing as well, and includes the use of tapes, cassettes, and films. Lecture 3 hours. Prerequisite: German 110 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned.

125 INTRODUCTION TO GERMAN LITERATURE 3 Units

German 125 is an introduction to German literature. It provides a survey of Germany’s historical and cultural development as seen in representative works from 100 A.D. to the present. Lecture 3 hours. Prerequisite: German 102 or equivalent. Transfer credit: CSU, UC, USC

126 INTRODUCTION TO GERMAN LITERATURE 3 Units

German 126 is an introduction to German literature. It provides a survey of its historical development as seen in representative works covering the period of the 18th Century to the present. Reading and lectures will be in German. To supplement the text, records, and tapes will be used. Lecture 3 hours. Prerequisite: German 102 or equivalent. Transfer credit: CSU, UC, USC

HEALTH

101 FIRST AID 1 Unit

Health 101 covers prevention and cause of accidents or sudden illness. It meets the requirements of the American Red Cross for certification in Community First Aid and CPR. Lecture and skill practice 2 hours. (9 weeks) Prerequisite: None. Note: Recommended for physical education majors. Transfer credit: CSU, UC, USC

102 STANDARD FIRST AID AND CPR 2 Units

Health 102 covers the prevention and care of accidents or student illnesses. It meets the requirements of the American Red Cross for certification in Community First Aid and CPR. Lecture and skill practice 2 hours, laboratory 1 hour. Prerequisite: None. Note: Health 102 allows only 1 unit of credit for students who have completed Health 101 or Health 107 and no credit for those who have completed both Health 101 and Health 107. Transfer credit: CSU, UC, USC

104 HEALTH EDUCATION 3 Units

Health 104 covers current issues in health and their effect upon the quality of human life. The course emphasizes the holistic approach to health and wellness and explores the latest concepts in nutrition, disease prevention, mental health and stress management, sexual relationships and lifestyles, drug use and abuse, and consumer and environmental health issues. Instruction focuses on individual responsibility for wellness, cultural diversity, and effective interpersonal communication. Lecture 3 hours. Note: No credit allowed for students who have completed Health 106 or Psychology 111. Transfer credit: CSU, UC, USC

106 WOMEN’S HEALTH EDUCATION 3 Units

Health 106 explores the various dimensions of health as they relate to women. Topics explored include disease development, fitness and nutrition, substance abuse, reproductive health, and age-associated changes. A preventive care approach is taken for promotion of lifetime wellness and enhanced quality of life. Lecture 3 hours. Prerequisite: None. Note: No credit allowed for students who have completed Health 104 or Psychology 111. Transfer credit: CSU

107 CARDIO-PULMONARY RESUSCITATION 1 Unit

Health 107 is a course covering the lifesaving techniques of cardio-pulmonary resuscitation and stresses mouth-to-mouth resuscitation, manual cardiac compression, first aid for obstructed airway, one and two-person CPR, and infant/child CPR. Lecture 2 hours. (8 weeks) Prerequisite: None. Transfer credit: CSU

109 DECISIONS IN CHILD HEALTH AND CRISIS 3 Units

Health 109 is a course which includes the fundamentals of basic anatomy and physiology of children, common childhood acute illness and injury, the emergency medical system, principles of emergency care of children, and safety and preventive techniques. The course enables the student to be aware of the day-to-day health care problems of children and the overwhelming complexity of today’s emergency medical services system. Those who are in contact with children on a regular basis learn to cope with day-to-day and emergency situations and are able to respond in the most appropriate manner upon completion of this course. Lecture 2½ hours, laboratory 1½ hours. Prerequisite: None. Note: This course satisfies the First Aid requirement for graduation. Transfer credit: CSU

110 PREVENTION AND CARE OF ATHLETIC INJURIES 2 Units

Health 110 is a course of in-depth examination of selected topics in sports medicine. The course provides a thorough knowledge of the prevention and care of injuries commonly occurring during physical activity. Lecture 2 hours, laboratory 1 hour. Prerequisite: Health 101. Transfer credit: UC, USC

128 NUTRITION AND PHYSICAL FITNESS (Also listed as Physical Education 128 and Culinary Arts 128) 3 Units

Health 128 is a course in nutrition and physical fitness. It provides the student with an overall study of the relationship between nutrition and physical fitness. The effects of nutrition on the anatomical and physiological aspects of the body are emphasized. The course also examines the production of energy form the intake of a variety of nutritional sources. The process of metabolism as a means toward energy production and physical activity is also discussed. Meal planning, basic physiology, current nutritional practices, eating disorders, weight control and athletic training are examined as they relate to the nutritional aspects of physical fitness. Lecture 3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Culinary Arts 128 or Physical Education 128. Transfer credit: CSU, UC, USC
101 HISTORY OF WESTERN EUROPE
3 Units
History 101 studies the growth of western European civilization from the decline of the Roman Empire to the 17th Century. An introduction to the study of history, giving a general perspective of the development of those political, economic, and social institutions which explain our present-day civilization. An attempt is made to orient the student’s thinking to present world problems. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Note: Students who have taken History 108 will receive only one unit of credit for History 101. Transfer credit: CSU, UC, USC (CAN HIST 2) (HIST 101 & 102 CAN HIST SEQ A)

102 HISTORY OF WESTERN EUROPE
3 Units
History 102 studies the growth of western European civilization from the 17th Century to the present time. It is introduction to the study of history; giving a general perspective of the development of those political, economic, and social institutions which explain our present-day civilization. An attempt is made to orient the student’s thinking to present world problems. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Note: Students who have taken History 109 will receive only one unit of credit for History 101. Transfer credit: CSU, UC, USC (CAN HIST 4) (HIST 101 & 102 CAN HIST SEQ A)

103 HISTORY OF EARLY LATIN AMERICA
3 Units
History 103 is a general survey of the history of Latin America from discovery to independence. The planting of the European civilization in Latin America, the growth of the different colonies, viceroyalties, supporting systems, the international contest for the continents, and the wars of independence in Latin America. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

104 HISTORY OF CONTEMPORARY LATIN AMERICA
3 Units
History 104 is a general survey of 19th and 20th century Latin American history. The course focuses on the political, economic, and social development of Latin America. In addition, the course offers an historical review of U.S.-Latin America relations. The course is designed to acquaint the student with the area’s basic history so as to better appreciate and understand contemporary social and political change in Latin American societies. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

105 20TH CENTURY CENTRAL AMERICA AND THE CARIBBEAN
3 Units
History 105 is an introductory course focusing on the contemporary political, economic and social history in Central America and the Caribbean. The course stresses the 20th Century, with special attention given to the role and impact of United States policy in the region. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

106 HISTORY AND POLITICS OF THE RUSSIAN PEOPLE
3 Units
History 106 is a study of the political, social, economic and cultural development of the Russian people from earliest days to the contemporary period. Emphasis will be laid on the development of the modern Soviet ideology and power politics. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

107 HISTORY OF CIVILIZATION (Pre-History to 800)
3 Units
History 107 is a general political survey of the world from earliest times to the Carolingian Empire, c. 800, with emphasis on the development of human ideas, arts, and institutions. Emphasis is placed upon the contributions to civilization made in ancient times by Egypt, Greece, Rome, India, China, and other powers. An attempt is made to give the student a perspective on the past. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

108 HISTORY OF CIVILIZATION (Caroliongian Empire to the French Revolution, c. 1789)
3 Units
History 108 is a general political survey of the world from the Carolingian Empire, c. 800, to the French Revolution, c. 1789, with emphasis on the development of human ideas, arts, and institutions. The characteristics of the medieval and modern worlds are examined. The principles—cultural, social, economic, and political— which brought the modern world into being are analyzed. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Note: Students who have taken History 101 will receive only one unit of credit for History 108. Transfer credit: CSU, UC, USC

109 HISTORY OF CIVILIZATION (French Revolution to the Present)
3 Units
History 109 is a general political survey of the world from the French Revolution, c. 1789, to the present with emphasis on the development of human ideas, arts, and institutions. An attempt is made to give the student a perspective and a basis for interpreting current world events. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Note: Students who have taken History 102 will receive only one unit of credit for History 109. Transfer credit: CSU, UC, USC

110 UNITED STATES HISTORY
3 Units
History 110 is an interpretation of the more meaningful and significant issues, events, and ideas which have played a major role in shaping present day America. Main attention is focused upon political and economic aspects with some treatment of social and cultural developments. This course meets the California State requirement in American History. Lecture 3 hours. Prerequisite: Eligibility for English 120 or ESL 151. Note: This course allows only one unit of credit for students who have completed History 117, 118, or Social Science 131. Transfer credit: CSU, UC, USC
111 THE WOMAN IN AMERICAN HISTORY
3 Units
History 111 is a survey of the history of women in America from the colonial period to the present with emphasis on relevant political, economic, and social factors. Traditional roles of women in society are analyzed in terms of literate images, popular culture, and stereotypes. Attitudes and prejudices held by both sexes toward each other, reform movements, religious crusades, women's rights, and emancipation movements are examined in the context of American History. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Note: This course allows only 1 unit of credit for students who have completed History 117, or Social Science 131 and no credit for those who have completed History 118. Transfer credit: CSU, UC, USC

112 PACIFIC COAST HISTORY
3 Units
History 112 is a survey of the discovery, exploration, and settlement of Mexico, California, Oregon, Washington, British Columbia, and Alaska. Emphasis is placed upon the development of their particular political, economic, and cultural institutions, along with their relationships with each other and the rest of the world. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

113 HISTORY OF MEXICO
3 Units
History 113 is an in-depth study of the emergence of the Mexican institutions and traditions from pre-Colombian societies to the present. The course is designed to meet the needs of the college student who wishes to understand the development of the modern Mexican nation. Modern Mexico and its development is the primary concern of this course. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

114 HISTORY OF BAJA CALIFORNIA
3 Units
History 114 is a survey of the prehistory, discovery, exploration, settlement, and modern development of the Baja California states of Mexico. Emphasis is placed on the development of their political, economic and cultural institutions. Their relationship with the United States, and California in particular, is analyzed in terms of their historical and present day experience. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Note: Optional field trips to places of historical interest in the states of Baja California may be offered. Transfer credit: CSU, UC, USC

115 REBELLIOUS WOMEN IN MODERN AMERICA
3 Units
History 115 investigates the legal, economic, political, and social issues surrounding the dramatic transformation of gender relations in contemporary society. Topics to be included are women's private lives (sexuality and reproductive roles, family roles, parenting); women's public roles (work, volunteerism, occupational segregation, education, religion); women's political roles (the gender gap, female leadership); and public policy that has affected women's private and public lives (welfare, affirmative action, child care legislation). The course focuses on leaders of the women's movement in the United States who worked to change laws; to open doors to new occupations; and to create, and influence new institutions, as well as old. Using biography, primary source documents, and socio-historical studies, the course begins by focusing on women in the 1940s, then moves forward into the Women's Movement of the 1950s, 1960s, and 1970s, and the conservative reactions to the movement in the 1980s and 1990s. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

116 ECONOMIC HISTORY OF THE UNITED STATES (Also listed as Economics 111)
3 Units
History 116 is a history of the economic development of the United States. Emphasis is placed on the growth and development of economic institutions, slavery, reconstruction, work, the industrial revolution, workers' movement, and U.S. imperialism. This course meets the California State requirements in American History. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Economics 111. Transfer credit: CSU, UC, USC

117 HISTORY OF THE UNITED STATES
3 Units
History 117 is a survey course that looks in depth at United States history from the colonial period to Reconstruction. The English colonies, the Revolutionary War, the Constitution, the New Nation, Jeffersonian and Jacksonian democracy, slavery, Civil War, and Reconstruction will all be examined. This course (if both semesters are completed) meets the California State requirements in United States history. Lecture 3 hours. Prerequisite: Eligibility for English 101. Note: History 117 allows only 1 1/2 units of credit for students who have completed History 110. History 117-118 allows only 3 units of credit for students who have completed History 110. Transfer credit: CSU, UC, USC (CAN HIST 8) (HIST 117 & 118 CAN HIST SEQ B)

118 HISTORY OF THE UNITED STATES
3 Units
History 118 is a survey course that looks in depth at United States history from the Post-Reconstruction period to the present. The Gilded Age, Populism and Progressivism, Imperialism, the Great Depression and New Deal, World War II, the Cold War, Vietnam, Watergate, and the Reagan years will all be examined. This course (if both semesters are completed) meets the California State requirements in United States history. Lecture 3 hours. Prerequisite: Eligibility for English 101. Note: History 118 allows only 1 unit of credit for students who have completed History 151 and 1 1/2 units of credit for students who have completed History 110. History 117-118 allows only 3 units of credit for students who have completed History 110. Transfer credit: CSU, UC, USC (CAN HIST 10) (HIST 117 & 118 CAN HIST SEQ B)
119 HISTORY OF THE FAR EAST
3 Units
History 119 is a general survey of East Asian civilization from antiquity through the nineteenth century. Primary emphasis is placed upon the political, religious, social, and economic development of China and Japan with some attention on Korea and Southeast Asia. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

120 HISTORY OF THE FAR EAST
3 Units
History 120 is a general survey of China, Japan, Korea, and Southeast Asia in the international community from the nineteenth century to the present. Primary emphasis is centered upon the impact of Western culture and the major political and social movements of the twentieth century, Nationalism and Communism. Lecture 3 hours. Recommended preparation: History 119 and eligibility for English 101. Transfer credit: CSU, UC, USC

121 ARMENIAN HISTORY
3 Units
History 121 is a survey of the history of the Armenian people from 1,000 B.C. to the present. Topics include: The Artashesian, Arshaguni, Bagratuni, and Cilician kingdoms; Armenia under the domination of Persian, Roman, Byzantine, Arab, Mongol, Turkish, and Russian empires; the religious, artistic and architectural dimensions of the Armenians’ cultural heritage; the literary renaissance and emergence of the Armenian Question in the 19th century; World War I and the Armenian Genocide; the Republic of Armenia and international treaties up to 1923; and developments in Soviet Armenia from 1920 to the present. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

122 CALIFORNIA HISTORY
3 Units
History 122 is a survey of the discovery, exploration, and settlement of California. The emphasis is on the development of particular political, economic, and social institutions, along with California’s relationships with the United States. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

131 A HISTORY OF AFRICA SINCE 1800
3 Units
History 131 surveys the development of Africa from 1800 to the present. Themes to be covered include: colonialization and underdevelopment, neo-colonialism, nationalism and African independence movements. Case studies of individual African countries are used to analyze the various themes. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

132 HISTORY OF THE PHILIPPINES
3 Units
History 132 examines the geographical, cultural, and historical realities of the Philippines, from the Spanish colonial period to the present. Particular emphasis is given to past and present U.S.-Philippine relations and to the contemporary social, economic, and political situation in the Philippines. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

133 A HISTORY OF SCIENCE
3 Units
History 133 is a history of the notable scientific ideas and discoveries in Western civilization. It is a seminar, colloquial style discussion class that examines the forces in history that led to the development of the major scientific revolutions and thinkers that have shaped modern industrialized man and his culture. Some of the subjects and scientists studied include the philosophy of science, the scientific method, science and pseudoscience, how science interacts with other cultural elements, ancient science, magic and renaissance science, the Copernican Revolution, the Newtonian Revolution, the Darwinian Revolution, Pasteur and the medical revolution, and the Einsteinian Revolution. The course enhances the student’s understanding of the present by a better understanding of the past. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

135 HISTORY OF THE VIETNAM WAR
3 Units
History 135 studies the background of U.S. involvement in Vietnam from the French occupation to the winding down of the war during the Nixon years. The course focuses on such matters as the historical and cultural realities of the situation, the gradual and growing U.S. commitment during the Eisenhower and Kennedy Administrations, and the height of the American build-up during the Johnson Presidency. An attempt is made to discuss the “lessons” of Vietnam and major unresolved issues deriving from the war. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

136 WAR: HISTORY, CAUSES, SOLUTIONS
(Also listed as Social Science 136)
3 Units
History 136 explores the history, causes, and potential solutions to the problem of war. The history of individual wars is examined within a broader picture of war in general, including ancient warfare, the Middle Passage, the rise of modern war, and the development of total war. An interdisciplinary approach is taken in exploring the immediate causes of war, including historical, economic, political, anthropological, sociological, and psychological causes. The course probes moral and philosophical aspects for the ultimate causes of war. Finally, solutions are considered including diplomacy, treaties, the United Nations, a one-world government, and the dismantling of nation-states. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Note: This course may not be taken for credit by students who have completed Social Science 136. Transfer credit: CSU, UC, USC

150 UNITED STATES HISTORY AND ITS ARTISTIC EXPRESSION
3 Units
History 150 examines the political, social, and cultural or artistic history of the United States from the Colonial Era through the present. Special emphasis will be given to those epochs in which the ideas and institutions of “We the people of the United States” were brought forth and matured and to the artistic expressions of the birth and growth of the nation. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC
151 THE UNITED STATES IN THE TWENTIETH CENTURY
3 Units
History 151 analyzes the political, economic, and social history of the United States since 1900. Special emphasis is placed on the post-World War II period. Current issues are stressed with their historical background. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151. Note: This course allows only 1 unit of credit for students who have completed History 118. Transfer credit: CSU, UC, USC

HOTEL RESTAURANT MANAGEMENT

203 CATERING I
3 UNITS
Hotel Restaurant Management 203 studies the theory and practice of presenting a catering event. Practice is given in the managing of the total operation as well as some experience in specialty food preparation. Lecture 2 hours, laboratory 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151.

220 FRONT OFFICE OPERATIONS
3 Units
Hotel Restaurant Management 220 provides instruction and procedures in the front-office operation of a hospitality lodging enterprise. Emphasis is placed on the following aspects: public and employee relations, guest accommodations/reservations, forecasting, office routines and reports, machine operation, room rates, and the application of computer programs. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

221 HOUSEKEEPING MANAGEMENT OPERATIONS
3 Units
Hotel Restaurant Management 221 acquaints the student with housekeeping duties as they pertain to rooms and accommodations in a hotel or motel. The course focuses on the comfort of guests as a priority concern. Emphasis is placed on effective communication between housekeeping, front office and engineering/maintenance. Students receive instruction in report writing. Lecture 3 hours. Prerequisite: None.

HUMANITIES

101 EAST/WEST: CULTURE AND CIVILIZATION TO 1700
3 Units
Humanities 101 is an interdisciplinary, multicultural, team-taught course that examines the historic push and pull of eastern and western civilizations from primitive times until 1700. Important themes, events, and discoveries linking east and west are shown through literature, folklore, art history, philosophy, and science. Students compare and contrast eastern and western views of time and eternity; standards of excellence; decadence and decline; motives, manners, and morals; and problems of extremes as they explore some of the most compelling problems, questions, and issues faced by humans of both hemispheres. The course centers on critical thinking; students are challenged to analyze, synthesize, and propose original ideas through the media of reading, discussion, and writing. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

102 EAST/WEST: CULTURE AND CIVILIZATION FROM 1700
3 Units
Humanities 102 is an interdisciplinary, multicultural, team-taught course that examines the historic push and pull of eastern and western civilizations from 1700 until the present. Important themes, events, and discoveries linking east and west are shown through literature, folklore, art history, philosophy, and science. Students compare and contrast eastern and western views of science and reason; romanticism, skepticism, and pessimism; the gradual change of traditional morals, manners, means and measures; the concept of relativity; and the quantum leap into contemporary thought as they explore some of the most compelling problems, questions, and issues faced by humans of both hemispheres. The course centers on critical thinking; students are challenged to analyze, synthesize, and propose original ideas through the media of reading, discussion, and writing. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

105/105H THE HUMAN STRUGGLE: HONORS THE HUMAN STRUGGLE
3 Units
Humanities 105 is an interdisciplinary, intercultural course designed to challenge students to further develop critical reading, writing, and thinking abilities through comparative study of materials from literature and various disciplines. Students evaluate some of the most relevant issues faced by people of the United States and other cultures throughout history, with emphasis on values and ethics. The course examines the creative impulses and destructive forces that have influenced the human struggle for order, acceptance, knowledge, understanding, self-expression, power, freedom, individuality and survival. Students improve their abilities to analyze, synthesize, develop original ideas, distinguish fact from opinion or belief, and use logic and reason in language and thought to determine whether the solutions of the past are compatible with the problems of today and tomorrow. Writing instruction focuses on improving advanced composition skills. The course may be team-taught.

The honors course will be enhanced in one or more of the following ways:
1. Accelerated standards of reading levels, emphasizing primary sources.
2. Accelerated standards of critical thinking, including critical writing and thesis-based essay exams.
Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

106 MODERN SOCIETY IN ITS MILIEUX
3 Units
Humanities 106 is an interdisciplinary, team-taught, cross-cultural course emphasizing foreign literatures in translation. Students are encouraged to read, think, discuss and write critically in dealing with some important concerns of modern times as interpreted by different societies. Students do comparative analyses of literature from various countries in their historical, political, and social contexts. The linguistic style of each foreign language is stressed. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC
110  SCIENCE, LITERATURE, AND HUMAN INSIGHT  
3 Units  
Humanities 110 is an interdisciplinary, intercultural team-taught course in which students further apply the principles of critical thinking and comparative analysis in order to better understand the relationships among literature, science, and technology. Through directed reading, class discussion, and writing, students continue to develop logical thought processes enabling them to reason inductively and deductively, to distinguish fact from judgment, to examine evidence and credibility of sources, to propose new ideas, and to reach logical conclusions. Through their study of literature, students learn about human values, behavior and motivations; through their study of scientific and technological achievements, they learn about the methods and limitations of science. Major historical and contemporary themes linking science and literature are presented for evaluation. Writing instruction focuses on improving advanced composition skills. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

117  CREATIVITY, CULTURE, AND SOCIETY: KALEIDOSCOPE  
3 Units  
Humanities 117 is an interdisciplinary, team-taught course focusing on literature, drama, dance, and film and examining their relationships with other areas of college study. The course recognizes that, like the pieces in a kaleidoscope, individual art works and art forms are only components of larger patterns. As students compare and contrast works from various cultures and times, they are encouraged to read, think, discuss, and write critically about the interaction among artist, society, and work of art. Students explore the creative process and ask what has led to, as well as what results from, works of art. Students learn to analyze, synthesize, draw inferences, propose new ideas, support theses, reach logical conclusions, and become active participants in the artistic process. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

120  LITERATURE AND THE CULTURAL ARTS  
3 Units  
Humanities 120 is an interdisciplinary course that focuses on the interrelationships of literature and the cultural arts (architecture, music, painting, and sculpture), with emphasis on the literary, to show not only their independence but also their synthesis. Through critical reading, discussion, and writing, students analyze the influences of each genre upon the creative impulses of the others. Humanities 120 examines literary and cultural achievements, developments, and values in the major periods of western history that served as a foundation for modern thought and letters. The course may be team taught. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

130  THE INDIVIDUAL, THE GROUP, AND THE ORGANIZATION  
3 Units  
Humanities 130 is an interdisciplinary, team taught, intercultural course that emphasizes personal and global issues, problems, and patterns of communication in the work environment as they apply to individual workers, groups and organizations. Students develop critical reading, writing, and thinking skills by analyzing and discussing an international array of essays, works of fiction, plays, poems, songs, and films concerning work, and by engaging in individual and collaborative activities designed to pose ethical and decision-making problems. Writing instruction focuses on improving composition skills. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU
135 HUMANITIES AND THE WORLD OF WORK
3 Units

Humanities 135 is an interdisciplinary course that combines instruction in fiction and non-fiction, film, ethics, problem solving, and decision making to help students examine today's multicultural society and workplace and develop values that may influence their personal and professional growth throughout their lives. Students analyze and discuss contemporary issues, problems and trends, and become familiar with the history of discrimination on the basis of color, ethnicity, gender, and sexual orientation and the impact of this discrimination on educational opportunities, career choice, and employability. Students participate in group and individual activities designed to develop and reinforce analytical skills. They also keep journals in which they react to assignments and class presentations. Critical analysis of course materials helps students learn to deal with a variety of situation and tasks they may encounter in their career fields. Lecture 3 hours. Recommended preparation: Eligibility for English 120 or ESL 151.

INDEPENDENT STUDIES

101 VOLUNTEER SERVICE
1-3 Units

Independent Study 101 is an independent study course based on a cooperative effort between the student, a volunteering faculty member, and a community-based organization to provide real-world experience in a field of interest while at the same time filling a need in the community. Laboratory 3-9 hours. Prerequisite: Concurrent registration in 6 or more units. Recommended preparation: Eligibility for English 120 or ESL 151 or Business Administration 106. This course is designed for students who have previously completed a course with a service-learning component. Transfer credit: CSU

148 INTERNATIONAL FIELD STUDY
1-6 Units

International Field Study 148 provides units of credit for travel and study in foreign countries at the student's own expense in programs provided by agencies approved in advance by the College and under the direction of a Glendale Community College instructor. (The agency must be bonded or maintain a trust account.) Lecture: 1-6 hours. Laboratory: 3-18 hours. Prerequisite: None. Note: Approval of program and units of credit attempted must be obtained from the Executive Vice President, Instructional Services prior to foreign travel. Transfer credit: CSU

150 INTERNSHIP
3-6 Units

Internship 150 is a cooperative effort between the college and the professional community to provide real-world experience in the student's major field. For each 3 units, interns participate in 54 hours of supervised activities that correlate formal instruction with on-the-job learning opportunities. Internship 54 hours. Prerequisite: Completion of 12 units with a 2.5 grade-point average or better and concurrent enrollment in 3 additional units. (For the summer term, concurrent enrollment in 3 additional units is not required.) Note: Registration will be open to those students who have been accepted to intern in their major field at an Internship training site on a nonpaid basis. A student is limited to one Internship class per semester. This course may be taken 2 times; a maximum of 8 units may be earned. Transfer credit: CSU

ITALIAN

101 BEGINNING ITALIAN I
5 Units

Italian 101 teaches the fundamentals of Italian grammar. Students are trained to pronounce Italian correctly, to acquire a small working vocabulary, which they use in conversation and writing, and to read simple Italian. Lecture 5 hours, laboratory ½ hour. Recommended preparation: Eligibility for English 120 or ESL 151. Note: Not open to students with oral proficiency or who have attended schools where Italian was the language of instruction. Transfer credit: CSU, UC, USC (CAN ITAL 2) (ITAL 101 & 102 CAN ITAL SEQ A)

102 BEGINNING ITALIAN II
5 Units

Italian 102 continues to present the fundamentals of Italian grammar. It trains further in correct pronunciation, and presents more difficult elementary prose. The discussions in Italian will stress correct use of verbs and idioms and efficient methods of vocabulary building. Lecture 5 hours, laboratory ½ hour. Prerequisite: Italian 101 or equivalent. Transfer credit: CSU, UC, AND USC (CAN ITAL 4) (ITAL 101 & 102 CAN ITAL SEQ A)

</table>
104 STUDENT PUBLICATIONS EDITORS
(Also listed as Mass Communications 104)
3 Units
Journalism 104 is an advanced course in writing news, feature, and editorial copy, copy reading and editing, headline writing, newspaper layout and makeup, and the mechanics of newspaper production. Study of law and ethics of the press and over-all emphasis on the function and responsibility of the newspaper. Second semester stress is on interpretative reporting. Class produces the campus newspaper El Vaquero. Lecture 2 hours, laboratory 4 hours. Prerequisite: Journalism 103 or Mass communications 103. Note: An interview and instructor consent may be required. This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

106 INTRODUCTION TO BROADCAST JOURNALISM
(Also listed as Mass Communications 106)
3 Units
Journalism 106 covers the process of gathering, writing, editing, and presenting the news on radio and television. Particular emphasis is placed on writing for broadcast, news judgment, visual considerations versus sound, interviewing techniques, ethics, scripting, and news organizations infrastructure. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

107 MAGAZINE WRITING
(Also listed as Mass Communications 107)
3 Units
Journalism 107 focuses on feature writing for magazines and newspapers. Students learn how to find feature ideas and develop them into articles for student or professional publications. The creative story-telling side of journalism is stressed. The free-lance market for feature writers is discussed. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

110 PHOTOJOURNALISM
3 Units
Journalism 110 provides instruction in techniques for producing photos for news and feature articles. Students learn effective ways to take photos to accompany articles, as well as to use photos to tell a story of their own. Both conventional and digital photography is used. Lecture 2 hours; laboratory 4 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU

KOREAN

101 BEGINNING KOREAN I
5 Units
Korean 101 teaches the fundamentals of Korean grammar. Students are trained to pronounce Korean correctly, to acquire a small working vocabulary which they use in conversation and writing, and to read and write in the native Korean alphabet. Lecture 5 hours, laboratory ½ hour. Recommended preparation: Eligibility for English 120 or ESL 151. Note: Not open to students who have oral proficiency or who have attended schools where Korean was the language of instruction. In addition to the regular class hours, the student must spend one-half hour a week in the foreign language laboratory. Transfer credit: CSU, UC

102 BEGINNING KOREAN II
5 Units
Korean 102 continues to present the fundamentals of Korean grammar. Students are trained to pronounce Korean correctly, to acquire a small working vocabulary which they use in conversation and writing, and to read and write in the native Korean alphabet. Lecture 5 hours, laboratory ½ hour. Prerequisite: Korean 101 or equivalent. Note: In addition to the regular class hours, the student must spend one-half hour a week in the foreign language laboratory. Transfer credit: CSU, UC

110 BASIC CONVERSATIONAL KOREAN I
3 Units
Korean 110 is an introduction to the Korean language with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. This course also develops a working knowledge of reading and writing. Lecture 3 hours. Prerequisite: None. Note: Not open to students who have oral proficiency or who have attended schools where Korean was the language of instruction. This course may be taken 2 times; a maximum of 6 units may be earned.

111 BASIC CONVERSATIONAL KOREAN II
3 Units
Korean 111 is a continuation of Korean 110. It teaches the students to communicate on an advanced level and provides them with the ability to read and write for further study. Classroom activities emphasize conversational repetition and oral expression. Reading and writing will be introduced on a limited basis. Lecture 3 hours. Prerequisite: Korean 110 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned.

LAW, BUSINESS

See Business Administration 120, 125

LIBRARY

101 INTRODUCTION TO INFORMATION RESOURCES AND RESEARCH METHODS
2 Units
Library 101 introduces methods of contemporary research through the use of online databases and the Internet, as well as traditional print materials. Collaborative efforts lead to well-researched and accurately documented term paper presentations. Lecture 1½ hours, laboratory 1½ hours. Recommended preparation: Eligibility for English 120 or ESL 151 or Business Administration 106, concurrent enrollment in Computer Science/Information Systems 191. Transfer credit: CSU, UC
103 MACHINE TECHNOLOGY III
5 Units
Machine Technology 103 covers more advanced and complicated operations of machine tools and equipment. Precision inspection, production and assembly are studied. Lectures and demonstrations on specialized machine tools and equipment give the student a better understanding of their use and capacities. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 102. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU

104 MACHINE TECHNOLOGY IV
5 Units
Machine Technology 104 is a continuation of advanced and complicated operations of machine tools and equipment. Lectures and demonstrations include a thorough investigation of heat-treatment of metals, special metals and their uses, abrasives, grinding wheels, and efficient use of surface, cylindrical, and tool cutter grinders. Basic tool and die work in which the student designs and builds jigs and fixtures is offered to students showing advanced abilities. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 103. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU

107 MACHINE PRACTICE I
2 Units
NON-DEGREE APPLICABLE
Machine Technology 107 provides practice on machine shop equipment. Students work on individual projects which they retain for their use. Training received in this course develops an ability to visualize and perform various functions necessary in the machine trade. Lecture 1 hour, laboratory 3 hours. Prerequisite: None. Note: Credit per semester will be indicated on the Schedule. This course may be taken 3 times; a maximum of 6 units may be earned.

108 MACHINE PRACTICE II
NON-DEGREE APPLICABLE
Machine Technology 108 provides practice on machine shop equipment. Students work on individual projects which they retain for their use. Training received in this course develops an ability to visualize and perform various functions necessary in the machine trade. Lecture 1 hour, laboratory 3 hours. Prerequisite: Machine Technology 107. Note: Credit per semester will be indicated on the Schedule. This course may be taken 3 times; a maximum of 6 units may be earned.

110 PRINCIPLES OF NUMERICAL CONTROL
5 Units
Machine Technology 110 is an advanced course in machine shop training presenting principles of numerical control, preparation of machining programs and development of control tapes. Design and construction of tools and fixtures, selection and modification of tooling are studied. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 104. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU
111
PRINCIPLES OF NUMERICAL CONTROL
3 Units
Machine Technology 111 presents principles of numerical control, preparation of machining programs and development of control tapes. It is designed for the advanced machine technology student who wishes to explore the field of numerically controlled machining. Lecture 3 hours. Prerequisite: Machine Technology 101. (Machine Technology 101 may be taken concurrently.) Note: This course may not be taken for credit by students who have completed Machine Technology 110.

112
MACHINE PRACTICE III
1-4 Units
Machine Technology 112 is designed to allow students or industrial workers to improve and update their machining skills. Techniques practiced are uses of lathe, mill, drill, grinder. Inspection strategies for the purpose of job advancement are presented. Laboratory 3-12 hours. Prerequisite: Machine Technology 107. Note: Hours to vary according to students' needs; 48 hours laboratory equals one unit. This course may be taken 2 times; a maximum of 8 units may be earned.

113
INTERMEDIATE ENGINE LATHE PROCESSES
2 Units
NON-DEGREE APPLICABLE
Machine Technology 113 is a course that provides specialized training on the engine lathe processes. Building on the basic processes, this class will develop skills working on tapering, threading, grooving, contouring both inside and out. The use of the 3 and 4 jaw chucks, faceplate, rubber chuck and collets is studied. Lecture 1 hour, laboratory 3 hours. Prerequisite: None.

114
INTERMEDIATE VERTICAL MILL PROCESSES
2 Units
NON-DEGREE APPLICABLE
Machine Technology 114 is a course that provides specialized training on the vertical mill. Building on the basic processes, this class develops skills working on vises, fixtureing, angular milling, end mills, shell mills, fly cutting, radius cutting, and undercutting. Lecture 1 hour, laboratory 3 hours. Prerequisite: None.

MASS COMMUNICATIONS

101
INTRODUCTION TO MASS COMMUNICATIONS
(Also listed as Journalism 101)
3 Units
Mass Communications 101 is an introductory course exploring the history, institutions, and social impact of mass communication media, including print, photography, recordings, film, television, computers, and the role of advertising and public relations. The course is taught from a perspective of theories of persuasion, the symbolic power of images, and the relationship between information and knowledge. Special attention is given to the impact of these media on how we live and believe as individuals and as a society. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC (CAN JOUR 4)

102
REPORTING THE NEWS
(Also listed as Journalism 102)
3 Units
Mass Communications 102 is an introductory course in the gathering and writing of news, features, and editorials. Emphasis on clear and concise written expression with laboratory drill in English fundamentals. Study of news sources, acceptable forms for stories, style and methods of various media, elementary editing, and law and ethics of communication. Newspapers and other media at the local community level as well as the national metropolitan levels are utilized. Lecture 3 hours, laboratory 1 hour. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC (CAN JOUR 2)

103
STUDENT PUBLICATIONS STAFF
(Also listed as Journalism 103)
3 Units
Mass Communications 103 is a course in writing news, feature, and editorial copy, copy reading and editing, headline writing, newspaper layout and make-up and the mechanics of newspaper production. Study of law and ethics of the press and over-all emphasis on the function and responsibility of the newspaper. Second semester stress is on interpretative reporting. Class produces the campus newspaper El Vaquero. Lecture 2 hours, laboratory 4 hours. Prerequisite: Journalism 102 or Mass Communications 102 or equivalent. Transfer credit: CSU

104
STUDENT PUBLICATIONS EDITORS
(Also listed as Journalism 104)
3 Units
Mass Communications 104 is an advanced course in writing news, feature, and editorial copy, copy reading and editing, headline writing, newspaper layout and make-up, and the mechanics of newspaper production. Study of law and ethics of the press and over-all emphasis on the function and responsibility of the newspaper. Second semester stress is on interpretative reporting. Class produces the campus newspaper El Vaquero. Lecture 2 hours, laboratory 4 hours. Prerequisite: Journalism 103 or Mass Communications 103. Note: An interview and instructor consent may be required. This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

106
INTRODUCTION TO BROADCAST JOURNALISM
(Also listed as Journalism 106)
3 Units
Mass Communications 106 covers the process of gathering, writing, editing, and presenting the news on radio and television. Particular emphasis is placed on writing for broadcast, news judgment, visual considerations versus sound, interviewing techniques, ethics, scripting, and news organizations infrastructure. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

107
MAGAZINE WRITING
(Also listed as Journalism 107)
3 Units
Mass Communications 107 focuses on feature writing for magazines and newspapers. Students learn how to find feature ideas and develop them into articles for student or professional publications. The creative, story-telling side of journalism is stressed. The free-lance market for feature writers is discussed. Lecture 3 hours. Recommended preparation: Eligibility for English 101. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

120
INTRODUCTION TO PUBLIC RELATIONS
3 Units
Mass Communications 120 is a practical guide to effective public relations, its history and its relationship with the media. The course is designed for persons who wish to make public relations a career, untrained persons who are currently or plan to be involved in publicity activities, and for journalism majors or minors who wish to enhance their studies. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU
